REPORT OF ACTIVITIES 2018

Introduction

In 2018, IIMA carried out various activities in accordance with the following Pillars of Action: Advocacy, Training and Capacity Building, and Communication.

Pillars of Action

1 – **Advocacy**: we provide UN experts and Member States representatives with relevant and reliable information on how human rights are being implemented at the local level, including denunciation of violations. IIMA Human Rights Office carries out this action in close collaboration with local members. Moreover, we provide local human rights defenders, including educators and youth, with the possibility to participate in relevant UN meetings and to advocate for their own rights.

2 – **Training and Capacity Building**: we organize training courses, in Geneva and at the local level, to make Human Rights Defenders aware of the UN international mechanisms and procedures intended to protect human rights.

3 – **Communication**: we disseminate information in order to raise awareness of human rights at the national level.

Within the above-mentioned pillars of action, we work in synergy with other NGOs and Institutions in order to bring major issues to the attention of the international community and to identify top priorities for the human rights agenda.

The pillars of action are further defined below, and include their relationship to the strategic objectives of the organization.
